In line with Memorandum Order No. 035, Series of 2025, issued by the Office of the University President, titled "**Prohibition of Single-Used Plastic**", all students, faculty, and staff of the SKSU Isulan Campus are hereby required to bring their own tumblers **effective March 17, 2025**.

This initiative is part of the university's commitment to environmental sustainability and the reduction of plastic waste. By using tumblers, we aim to minimize the consumption of single-use plastics, such as disposable cups and bottles, within the campus premises.

### Guidelines for Compliance:

- All students, faculty, and staff must bring their own ~~non-plastic~~ tumblers for daily use;
- Tumblers should be used when purchasing beverages from campus canteens or during university events;
- Single-use plastic cups and bottles will no longer be provided or sold in campus facilities; and
- All plastic bottles, such as mineral bottle and soft drinks bottles, and plastic cups sold from outside of the campus will **not be allowed to enter** through the campus gates.

We encourage everyone to actively participate in this initiative to promote a greener and more sustainable campus environment.
